

Your Name & Email	Webinar Title	Short description of the webinar	Webinar Duration
Justin Daniels jdaniels@bakerdonelson.com	Business Continuity Town Hall	We would convene a conference call with the forum to discuss similar issue to which we will discuss on March 27th EO wide meeting. The difference is in the smaller forum we can get hyper specific to forum members. We can discuss a retail lease, specific employee matter or cyber or privacy risk.	60-75 minutes
Justin Daniels jdaniels@bakerdonelson.com	Paycheck Protection Program	See attached link for a summary. You and your Forum members may have questions on how the stimulus and related bills can help your company and employees, what to expect in the process, or a banking contact to help them. I expect this to be the number one topic for EO members. Now that I am looking closely at the law there are some specifics about how to calculate the loan amount and documentation needed that will be of interest to EO members. This way they can file correctly the first time to quickly get their funds.	
Lynda Martin/Wayne Kurzen	Top 10 Tactics to Win During and After the COVID-19 First Wave	Our 10 tactics cause the biggest impact for the leaders we help every day. For example, you need to plan as if it is going to last longer and be harsher than you expect. When leadership teams are guided through a brainstorming session on this (and the other 9 tactics) we have seen the focus shift towards opportunities and value, generating remarkable, innovative ideas.	30-60 Minutes
Charles Rodriguez charles.rodriguez@adamskeegan.com	COVID-19 Response: Employer Responsibilities & Planning	We will address your questions on the federal and local legislative impact of COVID-19 related laws and regulations; as well as best practices on planning and communicating with your teams.	30 minutes
Derrick Murray Derrick.murray@nm.com	Investments that Double as Working Capital	Investing inside and outside of the market while maintaining access to your capital for current business sustainability and expansion needs.	
Katy McConnell kmcconell@littler.com	Any Labor and Employment Related Presentations	Littler is able to do presentations for Forums that include anything labor and employment related, including Families First Act and how it impacts employers, Stimulus Packand and how it will impact/help employers FAQ and answers frequently asked by employers regarding COVID-19, making do with less - reductions to work and wages in light of COVID-19, Making Key Employment Decisions in these Tumultuous Times: Common Employer Questions Asked and Answered about COVID-19.	
Jim Imholz JIM.IMHOLZ@deltacommunitycu.com	Insurance Coverages for the Coronavirus	This webinar will summarize business insurance coverage's and how they respond to the Coronavirus. Coverage's discussed will include Workers Compensation, General Business Liability, Business Income loss, Directors and Officers Liability and Cyber insurance.	The coverage summary takes 15 minutes. I would then be happy to take as much time is necessary to answer as many questions as the group may have.
Adelle Erdman Adelle.erdman@frazierdeeter.com	Understanding the Cares Act Options	The CARES ACT has many moving parts, including a variety of loan options and tax credits. This session focuses on the steps to take to pursue different loans and some of the pros and cons to consider, such as what you need to do in order to achieve forgiveness of a loan through the Paycheck Protection Program.	
Adelle Erdman Adelle.erdman@frazierdeeter.com	Mazlow's Hierarchy of Needs of Organizations During Times of Stress	In the 1940s psychologist NAME Maslow developed the concept of a hierarchy of needs. Individuals who are consumed with achieving basic needs like food and shelter are not able to work on higher-order needs like growth as an employee. How does this hierarchy apply to your team during a time of great disruption? And how does the hierarchy of needs concept apply to organizations and teams? This session helps you think about leading a team and how to unleash greater potential across your organization.	
Adelle Erdman Adelle.erdman@frazierdeeter.com	Data Security with Remote Workforce	Many of our businesses were not designed around the idea of remote work for all employees. The sudden shift to remote work may be opening the door for data breaches, especially as employees are working from home, possibly on home devices that are shared with other family members. This session looks at basic security measures you should implement for remote workers to better protect your company.
